Monday, May 18, 2020

Dear Family Members and Friends,

We are happy to inform you that we continue moving in a positive direction with no new cases of Covid-19 among our Residents! Because of this, we are loosening the restrictions by offering the Residents the ability to participate in meaningful enrichment programs with our activity department.

We have resumed Mass at the regular time. It will be presided by Abbot Lambert (via television) due to social distancing, with Communion distributed by the Little Sisters on the units. Our goal is to expand the variety of activities offered in the coming weeks as long as we remain Covid-free.

To assure the health and safety of all those living and working at St. Augustine's, we are in the process of testing all staff who worked with the Covid-19 positive Residents before assigning them to other areas of the Home. Unfortunately, one of them have tested positive and has been advised to go into quarantine. Kindly keep all of our employees who are anxiously waiting for the results of their test in your prayers. May all their tests be negative!

Be assured that we continue to make every effort to maintain best practices to protect our Residents and staff in order to prevent Covid19 from returning to our Home.

We cannot thank you enough for your cooperation, prayers and kindness during these challenging times. We would also like to express our gratitude to our staff, who continue to help us serve the Residents selflessly and sometimes at risk to their own well-being in the face of the 'unknowns' regarding the Covid virus.

We count on your continued help and prayerful support. Let us join together in praying and making sacrifices for those afflicted by this pandemic. May they soon find healing and be restored to good health.

In Christ,

Sr. Francis Gabriel Mary and all the Little Sisters at St. Augustine Home
