

July 13, 2020

Dear Friends,

Saint Jeanne Jugan, our Mother Foundress would frequently say: 'Blessed be God, thank you, my God, Glory be to God!' Today, we echo those words with joy as we prepare to welcome you back to visit your loved ones, even though it may be a small step forward. Starting Friday, July 17th, we will begin Visitation according to the directives of the Indiana State Department of Health.

Here are some details regarding the Visitation to facilitate those visits:

Start Date: Friday, July 17, 2020

Available Times: 3:30pm – 7:30pm

(in 30 minute visits till all residents have a chance to see their families)

To reserve a date & time: Please email updatesindy@littlesistersofthepoor.org or leave a message with our receptionist and we will return your call. (Lori Tichenor will no longer be the contact person)

In order to make it a safe and satisfying visit, there are certain requirements that we are obliged to maintain during the visit:

- All visitors are required to enter and leave through the front entrance, and must have an assessment done before entering (temperature & questionnaire)
- Facemasks – for all visitors over 2 years of age
- Social Distancing
- Hand Sanitization
- Limit of 3 visitors for each resident.

Lanagan Hall will be the only area available for visitors to visit. The rest of the home will remain non-accessible to visitors in order to prevent exposure.

We are pleased that we continue to be Covid free! Every day is a day of jubilation when we are Covid free. We look forward to seeing you during your visits and continue to hold you and your family in prayer during these challenging days.

God bless you!

Sr. Francis Gabriel and the Little Sisters
