

October 5, 2020

Dear Friends,

An update on St. Augustine's Home – we remain Covid free!

Although the numbers are going up in the area we remain vigilant. The indoor visitation is going well but remains limited due to space limitations. We thank you for your cooperation as we try our best to lift the spirits of everyone in the Home.

If you go to our National website at www.littlesistersofthepoor.org you will be able to enjoy the recording of the profession ceremony of three new Little Sisters of the Poor from St. Anne's Novitiate in Queen's, New York. We were able to watch it here as it was live streamed on Saturday. Lanagan Hall erupted in rejoicing as we learned that one of the new Little Sisters was assigned to our Home here at St. Augustine's! It lifted our spirits and renewed us all in our desire to serve our dear Residents.

Have a blessed week and stay safe!

Gratefully,

Mother Francis and all the Little Sisters of St. Augustine's
