Dear Friends,

I am happy to report once again that we remain COVID-free!

We remain vigilant to prevent the virus from coming into the Home as the numbers rise around us.

This week we are celebrating 50 years of Religious Life of Sr. Margaret. Many of you know Sr. Margaret since it is her second time living here in Indianapolis. It was a joyous celebration and for a few short hours we forgot all about COVID (except for social distancing, face masks and washing our hands!). The Residents enjoyed a some good band music and an ice cream social in Sr. Margaret's honor.

Please stay safe and God bless you!

Mother Francis and the Little Sisters of the Poor
