Dear Friends,

At the beginning of another year, we wish you a Happy and Safe New Year! Our prayer is that COVID-19 will be controlled so that we can resume our lives without the restrictions that the virus has placed on us all.

I am happy to report that we have no new cases of COVID-19 this week. We are continuing with our twice weekly testing, which I believe is a safety net around us as we see the number of cases growing in number in the community. As many people are asymptomatic, it makes it more difficult to identify those who are positive without a COVID test. Today we are still free of Coronavirus in the Home among our Residents, staff and Little Sisters. We are working on keeping our winning streak going!

We are looking forward to our chance to receive the vaccine to provide greater protection. As the details are finalized we will be in touch to update you.

Please stay safe and God bless you!

Mother Francis and the Little Sisters of the Poor
