

Monday, January 31, 2021

Dear Friends,

Just a note to inform you that all of our Covid testing results this past week are negative.

We commend our staff for their vigilance in joining our efforts to prevent Covid from coming into the home.

On February 8<sup>th</sup>, we will be receiving our second Covid vaccine shot. This added layer of protection is a benefit for everyone and we are grateful that we were able to receive the vaccine sooner than later.

Please continue to pray with us – that God will continue to bless our efforts, and soon see a return to our normal everyday lives.

Please stay safe and God bless you!

Mother Francis and the Little Sisters of the Poor
